Introduction

My profile

Your profile is used to contain basic information about you and can be seen by everyone at Solent. You also have the option of making it open to the public. You can change your screen name, add contact addresses and websites and a short bio about yourself. Once sections of your profile have been completed you are encouraged to go to your profile page and edit it to make it look good.

Fill in the blank spaces with your details (your profile completion bar on the right will help you). If you get stuck, look for the ? icons as these will help you.

The video and links below will take you to videos and examples that will help:
