Notes:

- 1. Active/open collection is in brand colour primary (TBD).
- 2. Clicking on **!** (on collection squares) will show manage, edit and delete for collections.
- 3. Clicking on **!** (on page squares) will show 'edit content' and 'delete this page' for page.
- 4. Under i (for both collections and pages) created, modified and submitted information will also be displayed, but listed below any manage, edit, delete options.
- 5. Clicking on permissions icon (♠ or ♠) will show a modal with permissions for internet sharing and secret URLs, with buttons to take you to the page.
- 6. When 'show more' button is clicked a futher 12 squares (3 rows) of collections or pages will appear.
- 7. When collection is submitted the background of the square will change (to the same colour it currently is).
- 8. 'Sort by' box will be listed as 'last modified' as default.
- 9. When a user types in the 'search' box a list of automated filters will appear eg: title, description, tag, everywhere. Rather than user having to click a dropdown to make this selection.
- 10. When a user clicks the 'add' button a modal will appear showing the user the option to chose to add a collection or add a page.

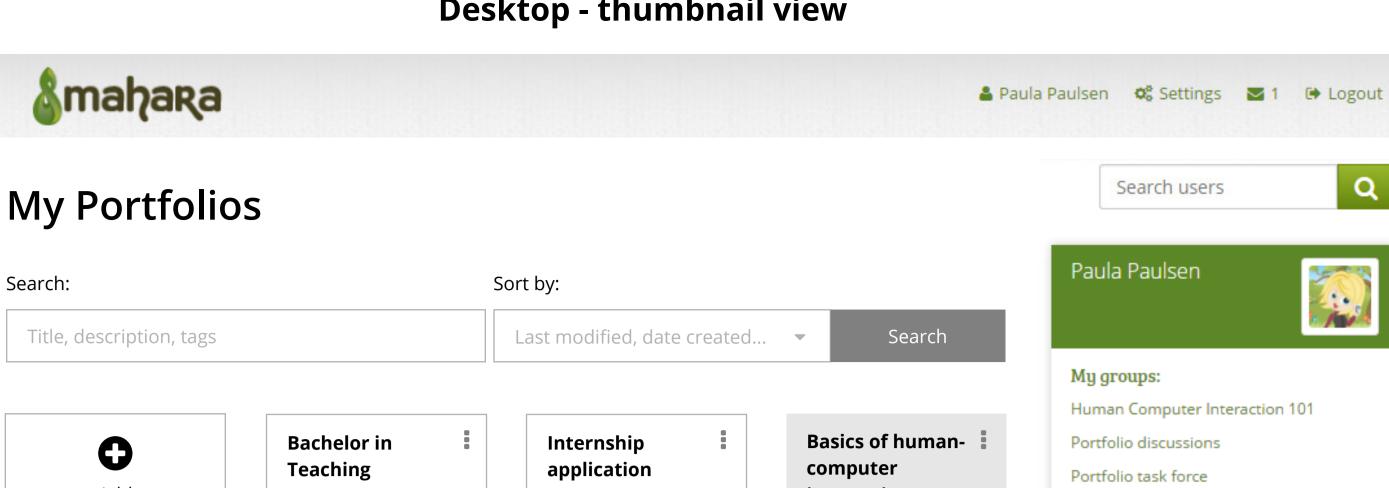

Phase 2 ideas:

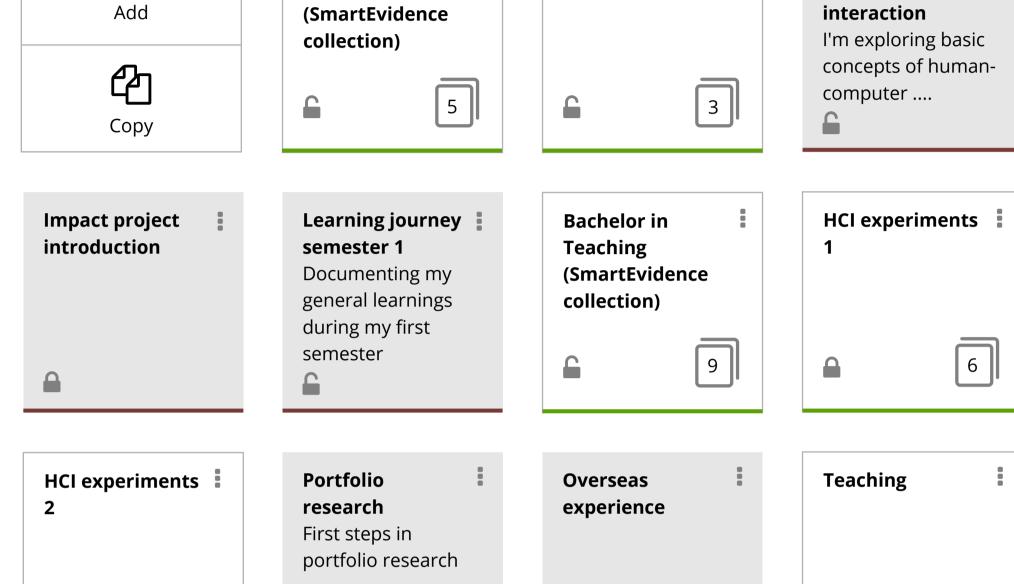

- 1. Select in bulk idea, collections or pages.
- 2. Colour coding collections.

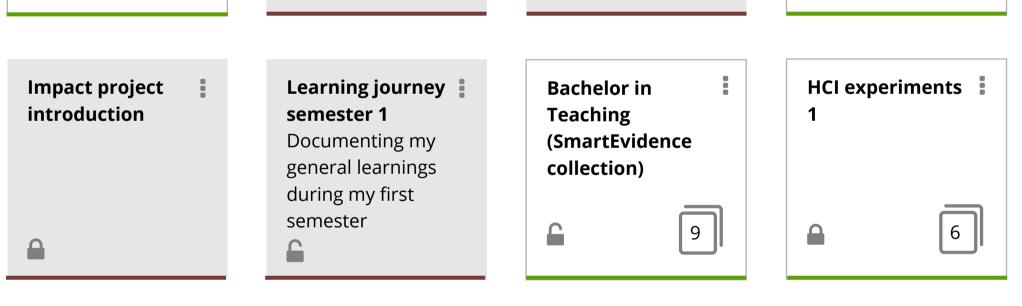

Phase 3 ideas:

1. Cover photos for collections.
